

HARPER TECHNOLOGY GROUP

WHY GO ANYWHERE ELSE?

At HTG we have preconfigured lighting packages for you so you know what your cost will be now.

Lighting Control Packages

LTG Package # 1 - Home After Dark - Welcome yourself to an illuminated home. Lights automatically turn on as you activate your existing garage door opener or your vehicles factory installed home link system or by your new accessory visor clip.

Wired or wireless, 1 and 5 switch option packages.

Installation and programming included.

Wireless:

1 to 3 switch(s) starting at \$250.00

5 switch(s) starting at \$925.00

Wired: Dependent upon existing home wiring

1 to 3 switch(s) starting at \$400.00

5 switch(s) starting at \$975.00

LTG Package # 2 - Elegant Lighting - This is a standalone modular room by room approach to lighting control for our clients who are unfamiliar with lighting control or home automation. Your safe and selective approach that at any time can be integrated into a Hi Tech home controller or remain and expand as a standalone lighting control system. Options are available as wired or wireless.

Installation and basic programming included.

Starting at \$750.00
